

AHAM Private Retirement Scheme

KEEPING YOUR EMPLOYEES HAPPY

At AHAM Asset Management Berhad (“AHAM Capital”), we believe that a successful reward and recognition programme does not have to be complicated or expensive to be effective. Our Private Retirement Scheme (“PRS”) is developed to be as flexible as possible and in accordance with the employer’s needs and affordability.

How PRS Works for Employers

Direct Contributions

A percentage of the employer’s share contributions to the Mandatory Pension Fund (above mandatory 12% or 13%) may be invested into PRS fund at regular intervals. Contributions made by the employer will be tagged to the employee’s PRS account providing the employee with immediate access.

Vesting Programmes

A percentage of the employer’s share contributions is credited to a PRS fund under the company’s ownership but is tagged to employee. The amount will be accumulated over a pre-determined timeframe as set by the employer.

Our Offerings

Salary Deduction

Employer contributes to employee’s PRS account on employee’s behalf via salary deduction.
